Nearly 600 Twelfth-Grade Youth Graduate from ENP

ENP congratulates the 590 twelfth-grade participants who graduated from ENP's SPACE Scholastic Assistance Program. ENP staff, interns, and leaders in the Ethiopian-Israeli community worked hard to ensure these youth have the education and confidence they need to excel. Like other Scholastic Assistance Program graduates, we are bound to see these young adults go on and achieve great success in the army, in universities, the government, and many other sectors of Israeli society.
