

A Spectacular Start to a New Year with ENP

Friends,

Happy 2019!

At ENP, we hope your first month of 2019 was filled with great joy. As we look ahead to this new year, we cannot wait to see the SPACE students flourish during their time in SPACE. Our 2019 resolution is to continue growing SPACE and making it the best it can possibly be.

Even though this new year is still fresh, we already have many exciting things to share with you. This month marked Tu B'Shvat: for SPACE, Tu B'shvat is much more than tree planting. As you will read below, it is also filled with unforgettable experiences. For Israeli students, this holiday also traditionally marks the distribution of first semester report cards, so ENP is excited to share our progress with you!

Director-General, ENP

And The Award Goes To...

Delilin Destau, a 12th grader in Afula and a SPACE student, won the Ministry of Education Prize. As the Chairman of the Afula Student Council, a head of his own organization that gives support to orphans, and a soon to be SPACE alum, Delilin is an amazing student with an incredible future.

A 2018 Recap

Tu B'Shvat, Knesset and SPACE: Planting Roots

While most know the holiday of Tu B'Shvat is the New Year of the Trees, few are aware that Israel's Parliament, the Knesset, celebrates its birthday on Tu B'Shvat. In fact, the tradition of MKs participating in tree planting ceremonies was forged in large part to Ben Gurion making a stopover on his

way to the very first Knesset meeting, held on February 14, 1949 (the 15th of Shvat). This first sitting of the Constituent Assembly took place at the Jewish Agency building in Jerusalem—home also to ENP's headquarters!

Updates All The Way From SPACE

For the 2018-2019 school year, SPACE is reaching **5,015 kids in 28 cities** throughout Israel. With our incredible statistics from last year of an 82% passing rate on the matriculation exams versus the national average of 71%, ENP is incredibly excited to see how our students will do this year on their matriculation exams, and just how much they can grow this year in SPACE.

DONATE TO ENP

Want to make a huge impact on a child's life?

Just \$610 can give SPACE to a student for a whole year. SPACE is a lifechanging program where students improve in their studies drastically. Giving to ENP and putting a child in SPACE changes their lives astronomically.

Help put a child in SPACE and change their world.
