

Summer Will Be Here Soon, News From ENP Is Here Now!

Friends,

Summer is around the corner, but our work at ENP and in SPACE doesn't stop! SPACE continues throughout the summer so our students are confident and fully prepared for school to start again in the fall.

Just in these past few weeks, ENP has co-hosted an incredible event with the Technion, held parent meetings, continued on with leadership training for some of our students, and much more. Soon, we will host an end-of-year event, celebrating our SPACE students and all the amazing things they have accomplished this year!

Read on for more good news!

Roni Akale
Director-General, ENP

SPACE at The Technion

In conjunction with The Technion, ENP hosted an incredible event that brought together current SPACE students from cities throughout Israel and current Technion students. At this event, various student speakers spoke about their experiences. It was a great opportunity for SPACE students to interact with university students and hear about all the opportunities they can have!

Bring A Student To Your City!

Did You Know...

Did you know that ENP has meetings before, during, and after the school year with SPACE participants' parents? It is in these meetings where we can update parents on how SPACE is going, what they need to know about their child's progress in school, and they can ask any questions they need to!

Support A Student!

"I am making the biggest difference..."

Meet Yobsefer Melaku, one of our SPACE staff members. After making Aliyah when she was 18, Yobsefer set out to make the most of her life here in Israel. She has dedicated her life to work as a mentor and educator in her community. Yobsefer has changed so many students' lives, and at ENP, we are so grateful for that!

DONATE TO ENP

Want to make a huge impact on a child's life?

Just \$610 can give SPACE to a student for a whole year. SPACE is a lifechanging program where students improve in their studies drastically. Giving to ENP and putting a child in SPACE changes their lives astronomically.

Help put a child in SPACE and change their world.
